

## Egyptian Day

20th October 2016

On Thursday 20<sup>th</sup> October, Year 4 planned an exciting day about the Ancient Egyptians.

We made lots of artefacts for our stations. At our stations we talked about lots of interesting facts. We had information about Tutankhamun, pyramids, life after death, life of women and children, Egyptian gods, the river Nile and mummification. We also brought in delicious Egyptian food!

We invited the Year 4 parents who were fascinated with all the facts. Everybody learned lots and thoroughly enjoyed the day.

Najiya Ali

On 20<sup>th</sup> October, it was our Egyptian day. It was so fun. I liked it very much. Everyone was wearing Egyptian clothes and they looked lovely. There were 7 stations. We had to talk about Egyptian Gods, jewellery, food, buildings, river Nile and much more. All year groups from year 1 to year 6 came to the hall to see our displays and speak to us on the topic. All the years asked lots of questions to Ms Sharma who wore a flower crown, she looked exactly like an Egyptian princess.

At the end of the day our parents came and had a look around. They were very impressed with our work and they also ate our Egyptian food with us. I would love to have another one of these days.
